

The Sani-Wash Hot

Portable just got impressive with the new Mr. John Sani-Wash Hot!

The Mr. John Sani-Wash Hot is a unique sanitary system providing hand washing capability to sites where no running water is available. As an added feature, plug it in and it will impress users with warm water for extra efficiency and comfort.

Perfect for fairs and festivals where food is served or coupled with temporary restrooms without hand washing capability, the Sani-Wash Hot dispenses an 8½ ounce metered wash and provides 300 hand washings before needing service.

Delivered to your site, complete and ready for operation, the Mr. John Sani-Wash Hot makes outdoor events safer, more sanitary and provides an unsurpassed level of convenience and comfort.

> HAND WASH STATION
