

The Steri-Stand

Now, it's easy to provide instant hand sanitizer wherever it's needed for the ultimate in safety and convenience. The Mr. John Steri-Stand is a portable free standing unit that provides four hand sanitizer dispensers on a sturdy, tip resistant stand. The Mr. John Steri-Stand is ideal for sites where water is not available or for situations where it is not feasible to wash with soap or water.

Each of the four dispensers on the Steri-Stand holds 800ml of alcohol-free hand sanitizing gel that kills 99% of germs on hands, including E. coli and salmonella. The Mr. John Steri-Stand is perfect for fairs and festivals where food is served or coupled with temporary restrooms without hand washing capability.

Delivered to your site, complete and ready for operation, the Mr. John Steri-Stand makes any location safer, more sanitary and provides an unsurpassed level of convenience and comfort.
