

# The Bronze

> MOBILE RESTROOM SUITE

The Mr. John Bronze is a unique, compact unit with the most innovative design features in the industry today. The unit has two private rooms (male and female) with a separate entrance for each. The clean, modern design features a high gloss white interior with textured counter tops, porcelain toilet, mirror, vanity, sink with automatic faucet, and soap, paper towel and toilet paper dispensers.

A built in water tank supplies fresh water so no outside water source is required. Only a 20 Amp, 110 Volt electrical connection is needed for full operation.

The Mr. John Bronze arrives on your site fully stocked and ready for use.
