

The Saniplex

An eight restroom facility for versatility, economy & comfort...

The Mr. John Saniplex offers the comfort of a permanent structure with the convenience of portable sanitation all in one economical unit. This facility offers eight private flushing toilets - each with a hand wash unit. Completely self contained, the Saniplex provides a clean, sanitary, and attractive environment for any site that requires multiple sanitation units housed in one location. The Saniplex is delivered to your site, set up and ready for use. It can accommodate 240 people per hour continuously for eight hours with no interruptions.
